Site Plan and Other Information Requirements

On the back of this Application or on a separate sheet provide a blue print or a pen and ink drawing to scale that includes all of the following:

1. Property shape, dimensions, area and intended use.
2. Kind, dimensions, height, and location (including distance from lot lines) of the building(s) to be erected, moved or expanded on the property.
3. Sewage disposal and water supply types and locations.
4. Locations of lakes, streams, roads, driveways and parking areas.
5. A sealed survey is required to be submitted for review.
6. Property must be flagged or staked according to site plan for first inspection.

Building Notes

The erection of every building or structure may be subject to three inspections:

1. When use or building area is staked and prior to excavation beginning.
2. When excavation for foundations is complete and building lines established.
3. On completion of the construction.

Soil Erosion and Sedimentation Notes

You will need a Soil Erosion and Sedimentation Permit if any of the following exist:

1. If the land area to be excavated will be one acre (43,560 Square Feet) or more in size.
2. If the earth change is 500 feet from a lake or stream (some county drains may be considered to be streams).

NOTE: Before any construction starts or any issuance of a building permit is granted an approved Zoning Application must be on file.
